VI. CONDITIONAL USE PERMITS

CONDITIONAL USE PROCEDURES

Introduction:

Generally, two categories of land uses are allowed in each Zoning District:

- Permitted uses
- Conditional uses

A ***permitted use*** is allowed as a matter of right in all locations in a District provided it complies with the Zoning Ordinance. Authorization by the Zoning Administrator is non-discretionary if it complies with all aspects of the Zoning Ordinance. A permitted use is simply authorized by issuance of a zoning permit.

A ***conditional use*** has been determined that such uses are not suited to all locations in a zoning District but may be authorized if such use is adaptable to the limitations of a particular site and adjacent land uses. In short, such use must be custom tailored to a specific location through the procedures of a conditional use process, if such use is to be permitted at all. Conditional uses require review and approval from a variety of town officials and an open process exists to gather public input on the proposed land use. The decision to grant or deny a conditional use permit is discretionary and is based upon the applicant's responses on an application, participation in the process and certain review standards.

The Town requires an applicant for a conditional use permit to demonstrate, with substantial evidence, that an application and all requirements and conditions relating to the conditional use are, or will be satisfied. The Town's decision to approve or deny their permit application will be supported by substantial evidence

Procedures:

Note: At all times, the Town of Grant Zoning Ordinance controls all matters related to zoning, notwithstanding the list below. This list is intended only as a guide and does not replace the Zoning Ordinance.

1. Applicant contacts Zoning Administrator (ZA) regarding the proposed use to determine whether a conditional use permit application is necessary and if necessary discuss appropriate information to be provided with the application.

2. Applicant submits a Conditional Use Permit Application including a site plan and other supporting documentation with appropriate fees to the Zoning Administrator. For the request to be discussed at a Plan Commission meeting, the application must be received at least seven days prior to the next scheduled meeting.

3. The applicant will meet with the Plan Commission at a regularly scheduled meeting during which the application will be reviewed, and a draft of conditions may be formulated. The applicant may need to provide additional information or attend an additional Plan Commission meeting.

4. Plan Commission may conduct a field review and research any outstanding issues with follow up as necessary.

5. Plan Commission forwards all information, draft conditions, and appropriate fee to the Town Clerk for further Town Board action when application, site plan and supporting documentation is substantially complete.

6. Town Clerk posts a Notice of Public Hearing and notifies in writing all adjacent landowners and other landowners within a minimum of 300 feet of said parcel, at least 15 days prior to the Hearing date, such hearing to be conducted by the Town Board. The fee is not refundable at this point.

7. Town Board conducts a Public Hearing:

    a. The Applicant and/or the applicant's representatives **must** attend the Public Hearing. Such person(s) shall be given opportunity to speak on the proposal.
        i. Failure to attend will result in denial of the Conditional Use Permit unless extenuating circumstances exist, although the public hearing will still be conducted.
    b. The public hearing **may** also be attended by the following, who shall be given opportunity to speak on the proposal:

DRAFT 08-20-25

i. Property Owner
ii. Plan Commission representative(s)
iii. Adjacent landowners
iv. General public.

8. Once the Town Board is satisfied that they have heard all relevant facts, it shall rule that the Conditional Use Permit be approved, denied or approved with conditions (after the public hearing). Note: The Town Board may refer the application back to the Plan Commission for further study before making its final decision.

9. In all cases, the Town Board decision will occur within ninety (90) calendar days after the public hearing date.

10. The Town Clerk will provide a notice of approval or denial of the Conditional Use Permit to the applicant upon completion of this process.

11. Any Conditional Use Permit is not valid until signed by the Applicant, Town Clerk and Town Chairperson.

12. Appeals Procedure – Applicant may appeal the Town Board's decision to Circuit Court.

Special Notes to Applicant:

1. A Zoning Permit may be required, if applicable. (See Zoning Ordinance)

2. Continuance of Use – Subsequent owners of property are entitled to continue a conditional use subject to the limitations imposed in the original Conditional Use Permit. Subsequent owners are required to meet with the Plan Commission to transfer the Conditional Use Permit into the new owner's name. There is no fee to transfer the permit.

3. Revocation of Use - Conditional Use Permits may be revoked if owner/applicant does not comply with the conditions of use. The owner/applicant will be notified in writing of non-compliance before the conditional use is revoked. Applicant/owner will have ninety (90) calendar days to comply before automatic revocation, unless extenuating circumstances exist. Repeat offenses of non-compliance may shorten the duration allowed before automatic revocation.

4. Expiration of Use - If the business activity for which the Conditional Use Permit was issued ceases operation for more than 12 months, the permit expires. It may be possible to reinstate the permit.

5. Revisions/Extensions/Reinstatements to a Conditional Use Permit - Revisions or extensions or reinstatements of a Conditional Use Permit require the owner to meet with the Plan Commission to review the revisions desired or extensions required. Revisions, extensions, and reinstatements furthermore require Town Board approval. There are no additional fees required unless a public hearing is required.

DRAFT 08-20-25

Physical limitations of the property, not the circumstance of the applicant, are the basis for the criterion.
